

Instructions for Review Portal

Thank you for volunteering your time! In order to make the review process as smooth as possible, instructions for reviewing the abstracts assigned to you are provided below.

Instructions

1. Log in to eShow via https://s2.goeshow.com/gurs/ac/2026/committee_service_center.cfm
 - Use the login credentials provided in your instructional invitation email. Please note that these are different from your **Speaker Portal** login credentials.
2. Upon logging in, all assigned abstracts are listed at the bottom of your portal view.
3. To view an individual abstract, click on the abstract's Review link in the far-right Task column.

Abstracts	Title	Rating	Task
Trauma and Urethral Reconstruction			
1003	Repair of Urethral and Corpora Cavernosa Erosion Using a Dorsal Onlay Buccal Graft-Augmented Anastomotic Technique in a Patient with a Neglected Gauze Five Years Following a Traditional Circumcision		Review
1004	Risk Factors and Treatment Patterns in Urethral Stricture Disease: A Population-Based Study of 60,449 Men		Review

Rating Categories (aligned with session structure):

- **4** – Novel concept, excellent scientific methodology, and/or potential to impact the practice of our field. (Podium Worthy).
- **3** – Interesting topic, adequate scientific methodology. Deserves presentation but not podium quality. (Poster Worthy)
- **2** – Acceptable. Can be on the program if room, perhaps in an unmoderated session.
- **1** – Unacceptable. Should not be on the program.

4. To view the video associated with an abstract you are reviewing, there are two methods available, depending on how the submitter uploaded the video:
 - 1. Click on the direct link to view the video.

- 2. You will be instructed to [click this link](#) and locate the corresponding abstract number for this submission within the Dropbox folder.
- Be sure to click Save at the bottom of the page to submit your score and comment(s).
- The system will then take you back to the list of your assigned abstracts.

5. To update the scoring or comments for an abstract, select the date shown in the Task column on the far right.

1003	Repair of Urethral and Corpora Cavernosal Erosion Using a Dorsal Onlay Buccal Graft-Augmented Anastomotic Technique in a Patient with a Neglected Gauze Five Years Following a Traditional Circumcision	4.00	07/06/2026

- You will then be able to revise the scores and make any necessary updates to the comments.
- Be sure to click Save at the bottom of the page to save your changes to your score and comment(s).
- You may need to refresh the page to see the updated score for the abstract.

6. It is not necessary to review all abstracts in a single session; you may close your browser and return later to continue your scoring.

The deadline for grading the abstracts is 11:59 PM (CST) on Monday, July 28, 2026.

Abstract reviews must be completed prior to this time in order to allow the Program Chairs adequate time to develop the final program layout.
