## Exhibitor & Sponsor General Information

**APTA Pediatrics is a specialty component organization of the American Physical Therapy Association (APTA) with almost 6,000 physical therapist, physical therapist assistant, student, and partner members.**

**Vision:** A world where every child can experience a fulfilling life.

**Mission:** Bringing people together to advance excellence in pediatric physical therapy.

### **Be a part of it!**

The APTA Pediatrics Annual Conference 2026 will be in-person and we are expecting over 500 attendees. The event will be held in St. Louis, Missouri from November 13-15 with Exhibit Hall open November 13 and November 14.

Exhibiting at the Annual Conference provides your company with opportunities for relationship building with clinical decision makers and physical therapists that work directly with patients. Our last in-person AC drew over 500 participants, with 90% of attendees being practicing physical therapists, most with more than 20 years of professional experience.

The 2-day in-person Exhibit Hall provides exhibitors 7 hours of exhibit time. There is no better way for employers to recruit from pediatric physical therapy professionals nationwide, for publishers to promote their publications to an audience of pediatric therapists, or for manufacturers/pediatric DME vendors to get a step up on their competition by specifically targeting pediatric physical therapists!
