VASCULAR Scientific Sessions

Presented by the Society for Vascular Medicine

September 24-27, 2026

Grand Hyatt Atlanta
Atlanta, Georgia

Invitation

Dear Colleagues,

On behalf of the Board of Trustees, it is my pleasure to invite you to the Vascular Scientific Sessions, presented by the Society for Vascular Medicine, September 24-27, 2026, at the Grand Hyatt Atlanta.

Your partnership is essential to the success of this premier vascular event. Technical exhibits, sponsored workshops, focus groups, satellite symposia, and educational grants provide unparalleled opportunities to showcase innovation and engage with nationally recognized experts in vascular medicine and intervention. This meeting offers an exceptional opportunity for you to connect with clinicians who influence treatment, advance evidence-based care, and collaborate across disciplines.

With over 300 attendees expected, the meeting attracts a diverse audience, including key opinion leaders, early-career professionals, and trainees. Participants represent a multidisciplinary spectrum—experts in imaging, medical therapy, endovascular intervention, and vascular surgery—and include clinically active physicians and providers who manage high patient volumes and perform a significant number of vascular procedures.

PROGRAM HIGHLIGHTS

Our sessions blend diagnostics, medical therapy, and interventions, offering a comprehensive view of the treatment paradigm. Popular features include:

- Year-in-Review
- Venous and Lymphatic Vascular Medicine Workshops
- Vascular Jeopardy
- Cases on the Rocks
- Cardiovascular prevention session (including advanced lipid and hypertension management)
- Point-of-Care Ultrasound (POCUS) session

NEW FOR 2026:

- Innovative venous and lymphatic track
- Advances in thrombosis management
- Expanded hands-on engagement opportunities for attendees

Your participation ensures that clinicians stay informed about the latest technologies and therapies—while your organization gains visibility and influence.

Thank you for considering this opportunity to partner with us. We look forward to your commitment and collaboration. For questions or to confirm your participation, please contact Bethany Radke, Account Manager, Industry Relations at bradke@veritasamc.com or 847-752-4264.

BELOW ARE SOME OF THE HIGHLIGHTS OF OUR EXCITING AGENDA

YEAR IN REVIEW

This recurring fan favorite highlights the most impactful research in basic and translational science, anticoagulant and antiplatelet therapy, non-atherosclerotic arterial disease, peripheral artery disease and intervention, venous thrombosis and intervention and lymphatic disease.

VASCULAR JEOPARDY

Year after year, Vascular Jeopardy is the most popular session at the annual meeting. Don't miss out as thought leaders from vascular medicine compete to see who will be crowned champion in a highly entertaining environment.

CASES ON THE ROCKS

This well-attended, expert-moderated, interactive event allows presenters from around the globe the opportunity to present their most interesting vascular cases to a panel of vascular experts and the audience in a very relaxed environment!

POSTER SESSION

A general poster exhibit will be complemented by a moderated session this year, with special oral presentations within the poster exhibit hall. In past years these events have drawn the majority of conference attendees to learn and interact. Presentations will showcase developments in research, innovation and clinical excellence within the field of vascular medicine.

YOUNG INVESTIGATOR AWARD (YIA) COMPETITION

The top submitted basic, translational and clinical research abstracts are presented by young investigators from around the world and judged by a panel of vascular experts.

VENOUS & LYMPHATIC VASCULAR MEDICINE WORKSHOPS

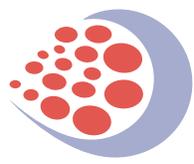

Practical demonstrations in compression therapy and sclerotherapy, as well as hand-on experience with devices.

PULMONARY EMBOLISM & DEEP VENOUS THROMBOSIS MANAGEMENT

Stay ahead with updates on medical and interventional therapies for thrombosis management.

CARDIOVASCULAR PREVENTION THERAPIES

Learn about the latest strategies in advanced lipid and hypertension management.
